KLEENGUARD* A10 Lab Coats (left, in photo above) from Kimberly-Clark Professional are made of a lightweight spunbond polypropylene fabric that is breathable to keep wearers cool and comfortable. They provide light-duty protection against dirt, grime and certain non-hazardous dry particulates. These white lab coats adhere to ANSI/ISEA 101-1996 sizing standards and are available in sizes ranging from large through 3X-Large. They feature a snap front and are available with either elastic wrists or open wrists and with either a chest pocket or no pockets. For more information, visit www.kcprofessional.com.
