Introducing

the KLEENEX® Touchless Counter Mount Skin Care System

Trust the KLEENEX® Brand to deliver premium quality in a luxurious, hygienic hand washing experience.

Always the innovative leader, KLEENEX® Brand has met the needs of consumers for more than 80 years with products that provide the essential and uplifting touch that makes life better. Now the KLEENEX® Touchless Counter Mount Skin Care System delivers this luxury impression with well-engineered efficiency.

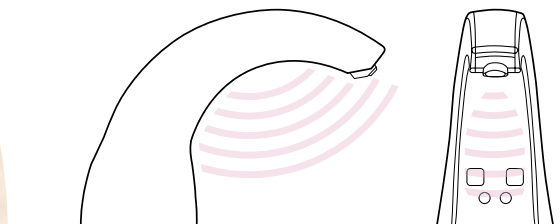

A hygienic touchless system

The new system features a hygienic sealed refill that effectively reduces cross contamination. Research shows that 25% of unsealed soap systems are contaminated with potentially harmful bacteria. Our sealed system and touchless dispensing protects the soap from this kind of contamination, reducing the spread of germs and delivering the most hygienic hand washing experience.

Customizable for your environment

Thanks to this dispenser's adjustable sensor range and SMART SHOT* Dispensing Technology¹, you can customize installation and dispensing to fit your specific environment. The adjustable sensor range gives you the flexibility to choose the setting that works best for your restroom. The result: reliable operation without misfires.

You can also customize SMART SHOT* Dispensing Technology settings for different traffic environments. Whether your restroom is used every few minutes or just a few times a day, you can set the dispenser to deliver a perfect foam shot every time – with no messy, wasteful drips!
