

**We Asked. You Answered. We Delivered.**

**KIMTECH PURE\* A5 Sterile Cleanroom Apparel**

with CLEAN-DON\* Technology

**KIMTECH**  
PURE\* BRAND

# Introducing the contamination management tool you helped design:

## **NEW** KIMTECH PURE\* A5 Sterile Cleanroom Apparel with CLEAN-DON\* Technology.

It comes to you from Kimberly-Clark, an industry leader in protection, comfort and consistent quality. With our trusted brands and reliable supply chain, you can **depend on Kimberly-Clark to address cleanroom challenges with innovative products** – and experts who will meet with you to help solve your cleanroom problems.

Our new KIMTECH PURE\* A5 Cleanroom Apparel is one good example. We designed this innovative apparel **based on input from industry professionals like you**. Then we asked cleanroom professionals to **rate its problem-solving features**. Here's what they said:

**100%** of cleanroom operators surveyed agreed that exclusive arm and leg snaps will help prevent contamination during gowning.<sup>†</sup>

**93%** of cleanroom operators surveyed preferred this fold design to protect against contamination during the gowning procedure.<sup>†</sup>

**86%** of cleanroom operators felt the blue line lowers the risk of contamination by facilitating aseptic gowning.<sup>†</sup>

<sup>†</sup>KIMBERLY-CLARK PROFESSIONAL\* Marketing Survey 2008 of biotech professionals who use sterile cleanroom garments.

# Technology that Delivers Comfort and Ease of Use.

## CLEAN-DON\* Technology Lives Up To Its Name:

KIMTECH PURE\* Apparel with CLEAN-DON\* Technology is actually a number of new technologies and benefits that facilitate sterile gowning.

**Patent-Pending Highly Visible Blue Line** along the inside of the garment signals the proper place to grasp while gowning, helping workers avoid touching the outside of the garment.

**Patent-Pending Snap Technology** features built-in snaps that gather up legs and arms to lower the risk of touching the floor, then automatically release as garment is put on.

**Built-In Thumb Loop** keeps garment sleeve from rolling back and exposing arm or wrist.

**Cloth-Like Comfort** is delivered by the SMS (Spunbond Meltblown Spunbond) material that goes into the KIMTECH PURE\* A5 Coverall.

**Innovative Inside-Out Fold** pattern presents the inside of the garment as the package is opened, reducing the risk of touching and contaminating the outside of the apparel.

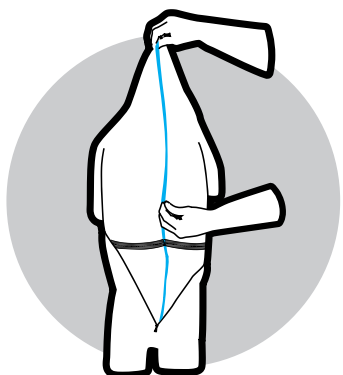

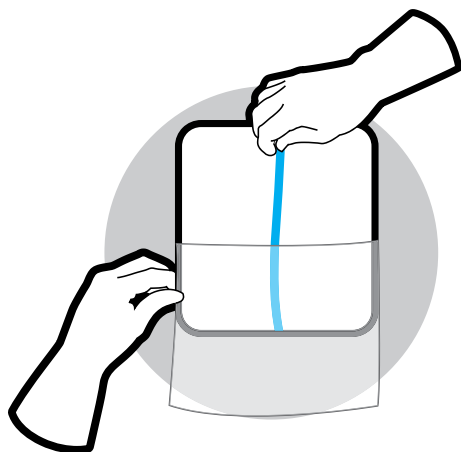

# Gowning With **CLEAN-DON\*** Technology

## Same Procedure. Simplified.

One great thing about the new KIMTECH PURE\* A5 Sterile Cleanroom Apparel with CLEAN-DON\* Technology is that you don't have to make changes to your gowning procedure. It simply becomes less complicated.

- Tear open vacuum-packaged apparel
- Grasp the blue line
- Pull out the garment
- Hold it up
- Gently unfold the arms and legs
- Begin gowning (built-in snaps release arms and legs as you put on the garment)
- Slip thumbs through thumb loop
- Zip up coverall

### Typical Uses (ISO 5-8 Cleanroom Environments):

**Compounding**  
**Mixing**  
**Filling**  
**Cleaning**

### Typical Industries:

**Pharmaceuticals**  
**Biotech**  
**Medical Device**

### Going green?

Garment Recovery Systems provide a convenient pickup/ recycle solution for your used KIMTECH\* Garments.

# Technical Data and Product Information

## Technically Advanced.

From bound seams and tunneled elastic to lot-controlled manufacturing, KIMTECH PURE\* A5 Sterile Cleanroom Apparel meets your high standards for cleanroom performance. Our entire design and manufacturing process has been developed to guard against contamination.

KIMTECH PURE\* A5 Sterile Cleanroom Apparel is manufactured in an ISO certified facility, clean processed then individually packaged under cleanroom conditions. These garments contain no natural rubber latex.

**For complete technical data and certifications available on all KIMTECH\* Brand Cleanroom Products, contact your Kimberly-Clark Professional Representative today.**
