KLEENGUARD* N99 Molded Particulate Respirators

Product Information

Code	KLEENGUARD* Respirator Class	Protection Level	Features
64520	M30	NIOSH N99	Orange head strap Exhalation Valve Full perimeter foam seal

Features

- Meets requirements for NIOSH N99 (42 CFR 84) filtering facepiece respirators.
 - Filters at least 99% of 0.3 micron particles at 85 liters per minute flowrate (NIOSH N99)
 - NIOSH certification TC 84A-4554
- Full perimeter foam seal
- Woven elastic head straps. Orange head strap color indicates M30 respirators.
- Adjustable head strap length. Head strap clips are ultrasonically bonded to the mask. No staples.
- Adjustable nose wire to provide a good seal around the nose.

Materials

- KLEENGUARD* Respirators are free of natural rubber latex
- Polyester inner and outer shells
- Electrostatically treated polypropylene meltblown filtration layer
- Woven polyester elastic headband
- Aluminum nose wire attached with EVA hot melt adhesive
- ABS exhalation valves with silicone rubber diaphragms (valved products)
- Perimeter seal made of gray closed cell foam
- Polypropylene nose clip ultrasonically bonded to the respirator
