CONVERT-A-MATIC® Dispenser

Steel housing with grey baked enamel finish and smoked transparent front cover of high-impact plastic. Dispenses one 8" diameter roll and one 3" diameter stub roll with 1.5" diameter cores. Features lever-operated dispensing mechanism, key lock, and automatic transfer system. Fits most 12" or 15" wide recessed folded towel dispensers with 4" minimum depth. 1 per case.

NOTE: Unless otherwise noted, suggested mounting height is the distance from the floor to the bottom of the dispenser.
