Electronic Roll Towel Replacement Module 1.75” Hub

Made of high impact plastic, UL approved and RoHS compliant electronics. Module easily interchanges with mechanical no-touch modules in plastic and stainless steel housings. When installed in housing, module automatically dispenses a single sheet of paper when users' hand is placed beneath dispenser. No-touch dispensing system helps reduce the spread of dirt and germs. Dispenses one 8” diameter roll with 1.75” core plus a stub roll up to 3” diameter with automatic transfer feature. Other features include adjustable sensitivity, sheet length and delay between sheets. Also incorporates a sleep mode to shut down unit when lights are out to conserve battery life. Operates on four D size alkaline batteries or AC adapter. One per case.
