Coated Gloves

Many of your general purpose applications call for dexterity as well as protection. The solution is KLEENGUARD*G40 Coated Gloves. This category of coated gloves features a durable, comfortable liner and a protective coating for outstanding dexterity and hand protection.

KLEENGUARD* G40 PURPLE NITRILE* Foam Coated Gloves

have a light, seamless knit nylon liner, and feature an exclusive nitrile foam coating that provides the highest abrasion resistance rating under EN 388. The gloves feature outstanding dexterity and excellent grip. These innovative gloves are the comfortable alternative to leather for general purpose industrial use.

KleenGuard* G40 Latex Coated Gloves

provide excellent durability in the industrial workplace and feature a general purpose poly-cotton latex coating processed to yield lower latex proteins†. An excellent value, they offer good grip, as well as great comfort and dexterity.

† Safe use of this product by latex sensitive individuals has not been established.
