

Introducing a way  
to keep things on a roll

SPACE-SAVER

Packaging

 

**Finally, a new way to reduce run outs and minimize maintenance costs**

At Kimberly-Clark Professional, we're always on the look-out for new ways to assist you with some day-to-day business issues. So we went back to the basics and developed SPACE-SAVER packaging to help make it easier to handle the product. And that's only the beginning.

**SPACE-SAVER Packaging means greater convenience and efficiency**

By reworking the product design in areas such as increasing the number of sheets per roll, you gain several advantages.<sup>††</sup>

- New, higher capacity rolls provide at least 20% more sheets than before to help reduce bath tissue run outs and minimize your maintenance costs.
- Smaller cases that are easier to store and handle help maximize your storage space.
- Over 15 percent decrease in waste due to fewer roll cores and inner wraps per case.
- E-Z to Handle Packaging on KLEENEX® standard roll bath tissue cases, featuring a zip-off top, promotes easy and safe opening.

Bath Tissue

KLEENEX® AND SCOTT®

Bathroom Tissue

When all is said and done...

You'll continue to receive the same, high-quality bath tissue with the new advantages delivered through a little change.

A new way to keep things on a roll!

The following is a detailed product specification listing of the new standard roll bath tissue offerings.
