

Twin Centre Pull Bathroom Tissue System

Tissue Loading Instruction Sheet

The unique twin roll inner door design* enables easy tissue loading, and the other roll will not be disturbed.

Open the outer door of the dispenser.

Open the inner door where refilling is required.

Remove the paper core of the roll and then install it to the dispenser.

Twist the tissue and pull it through the nozzle on the inner door.

Close the inner door.

Close the outer door of the dispenser and pull 2-3 sheets to ensure tissue is dispensed properly.
