Confidence by Design.

An elevated hygiene experience engineered to give you control.

CONFIDENCE BY DESIGN

ICON™ Collection

Only the Kimberly-Clark Professional™ ICON™ system lets you take control without compromise by offering game changing hygiene combined with a new standard in performance and experience in order to deliver complete confidence in the washroom.

Engineered to provide you confidence, designed to elevate your space.

ICON™ COLLECTION

Interchangeable faceplates

Engineered for a quick and seamless washroom transformation, our interchangeable faceplates can be easily removed and securely replaced.

ICONIC STYLE

Natural Accents

Choose from a unique selection of faceplates designed to add a natural accent to your washroom environment. Current designs include a warm marble, cherry blossom and a deep, authentic, ebony woodgrain.

Warm Marble

Natural stone designed to complement your existing decor.

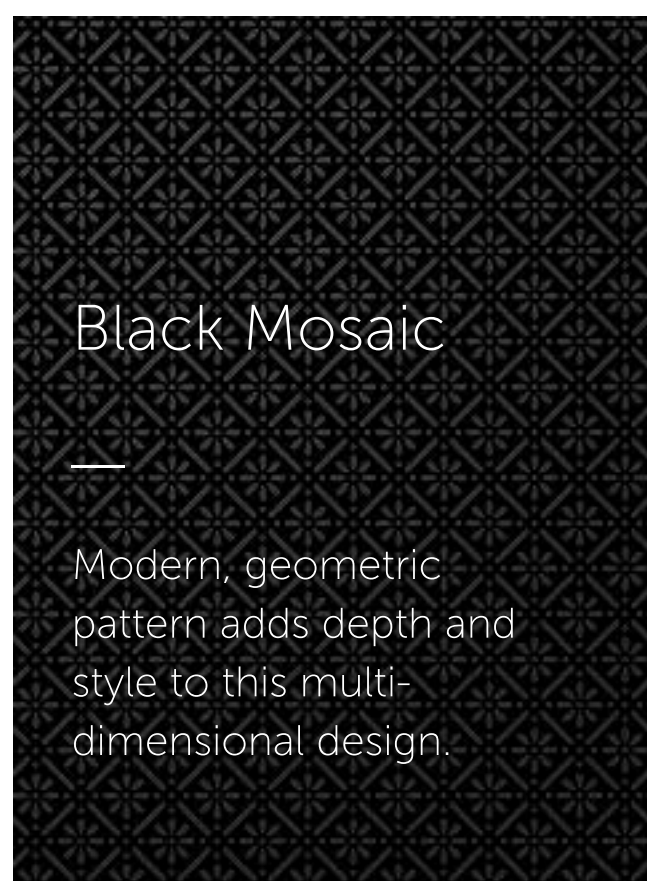

Cherry Blossom

A soothing, natural aesthetic to bring calm to any environment.

Ebony Woodgrain

Deep authentic wood texture provides a dark but natural ambiance.

Black Mosaic

Modern, geometric pattern adds depth and style to this multi-dimensional design.

Silver Mosaic

A modern take on traditional metallic finishes to provide depth and interest.

White Mosaic

Subtle texture that becomes more engaging the closer you get.

ICONIC STYLE

Contemporary Classics

Our range of contemporary classic faceplates offers a practical, yet modern take on traditional black, white, and silver finishes. Subtle, geometric patterning adds depth and style to the conventional flat colour finish.

CUSTOM FACEPLATES

Endless possibilities

Bring adaptable style and sophistication into your space. Envision an environment for creative expression, as well as unique engagement opportunities, and untap branding and advertising potential with an innovative messaging platform.

Responsible partners in sustainability.

Kimberly-Clark Professional™ supports businesses in improving recycling rates and reducing their waste footprint – ensuring a better future for people, for businesses, and the planet.

REDUCING PLASTICS

Bio-Based Core Plugs

The ICON™ dispenser is complemented with a full set of visibly branded consumables across all three experience tiers (Standard, Plus & Premium) featuring our plastic-free core plugs as standard on our rolled hand towels. Our plastic-free core plugs will help you meet your environmental objectives in reducing plastics with no effect on dispensing performance.

-  Patented bio-based core plugs made primarily from starch and cellulose fibres
-  100% recyclable in paper recycling streams
-  Cleaners save time with less waste segregation

MORE SUSTAINABLE

Reduce Waste and Consumption

The ICON™ hand towel dispenser allows you to cut your consumption by up to a third versus the leading competitor folded hand towel and the stub roll feature allows for up to 100% product utilisation.¹

Kleenex® rolled hand towels designed for the ICON™ dispenser use up to 33% less paper fibre per hand dry than leading competitor's standard folded hand towels.¹

ICON™ | Kimberly-Clark
PROFESSIONAL™
Confidence by Design.

Hassle-free recycling for dispensers and Kimberly-Clark Professional™ hand towels.

DISPENSER RECYCLING

The world's first dispenser installation and recycling service

Our professional fitters will remove, collect and recycle your old dispensers – no matter who the manufacturer is – and ensure your workplace remains healthy, safe and productive during installation.

We'll ensure new dispensers are loaded, ready for use, and cleaning staff are completely confident in how to operate and service them.

-  New dispensers are covered by our Lifetime Guarantee[†]
-  Peace of mind - from start to finish

HAND TOWEL RECYCLING

Transform used hand towels into new Kimberly-Clark Professional™ products

With no up front investment or additional labour, RightCycle™'s "closed loop" service recycles your paper towels as easily as throwing them away, with all the additional benefits to your business – and the planet.

-  Meet your sustainability goals
-  Divert waste from landfill
-  Demonstrate your commitment to sustainability
