

# Responsible Solutions Responsible Partners

Kimberly-Clark Professional is a leader in sustainability. We are as committed to reducing our environmental impact as we are to helping you reduce yours.

As part of that commitment, we have launched the Responsible Partners program. It's a way for us to designate the products in our portfolio that:

- Lighten our collective footprint
- Enhance product efficiencies
- Transport in an environmentally responsible way
- Reduce greenhouse gas emissions (GHG)

To earn the Responsible Partners designation, a Kimberly-Clark Professional product must offer **at least three** of the following benefits.

—

RENEWABLE ENERGY\*

REDUCED CO<sub>2</sub><sup>1</sup>

COMPACT PACKAGING<sup>1</sup>

RESPONSIBLE TRANSPORT<sup>1</sup>

FOAM FORMULA = LESS WASTE THAN GEL<sup>4</sup>

# Reducing our environmental footprint – together

These are the Kimberly-Clark Professional products that currently fall under the Responsible Partners designation. We will continue to add products to this program in the future.

And remember, when you choose Kimberly-Clark Professional, you're choosing a partner who not only values your business and customers, but also the world we share.
